

Choose your km and add your voice to the shout for justice

Meninadança works in communities along 296 kms of the BR-116 in the states of Minas Gerais and Bahia. The graphic below shows all the kms along the stretch, from Cândido Sales in the north to Mucuri in the south, including the towns and villages along it where we have a presence, to help you choose the km you wish to adopt.

Pink House

Meninadança's Pink Houses are in Cândido Sales (Bahia state) and Medina (Minas Gerais state)

Dance school

Our first dance school project for at-risk girls is being set up in Mucuri. The next will be in São Francisco.

Outreach

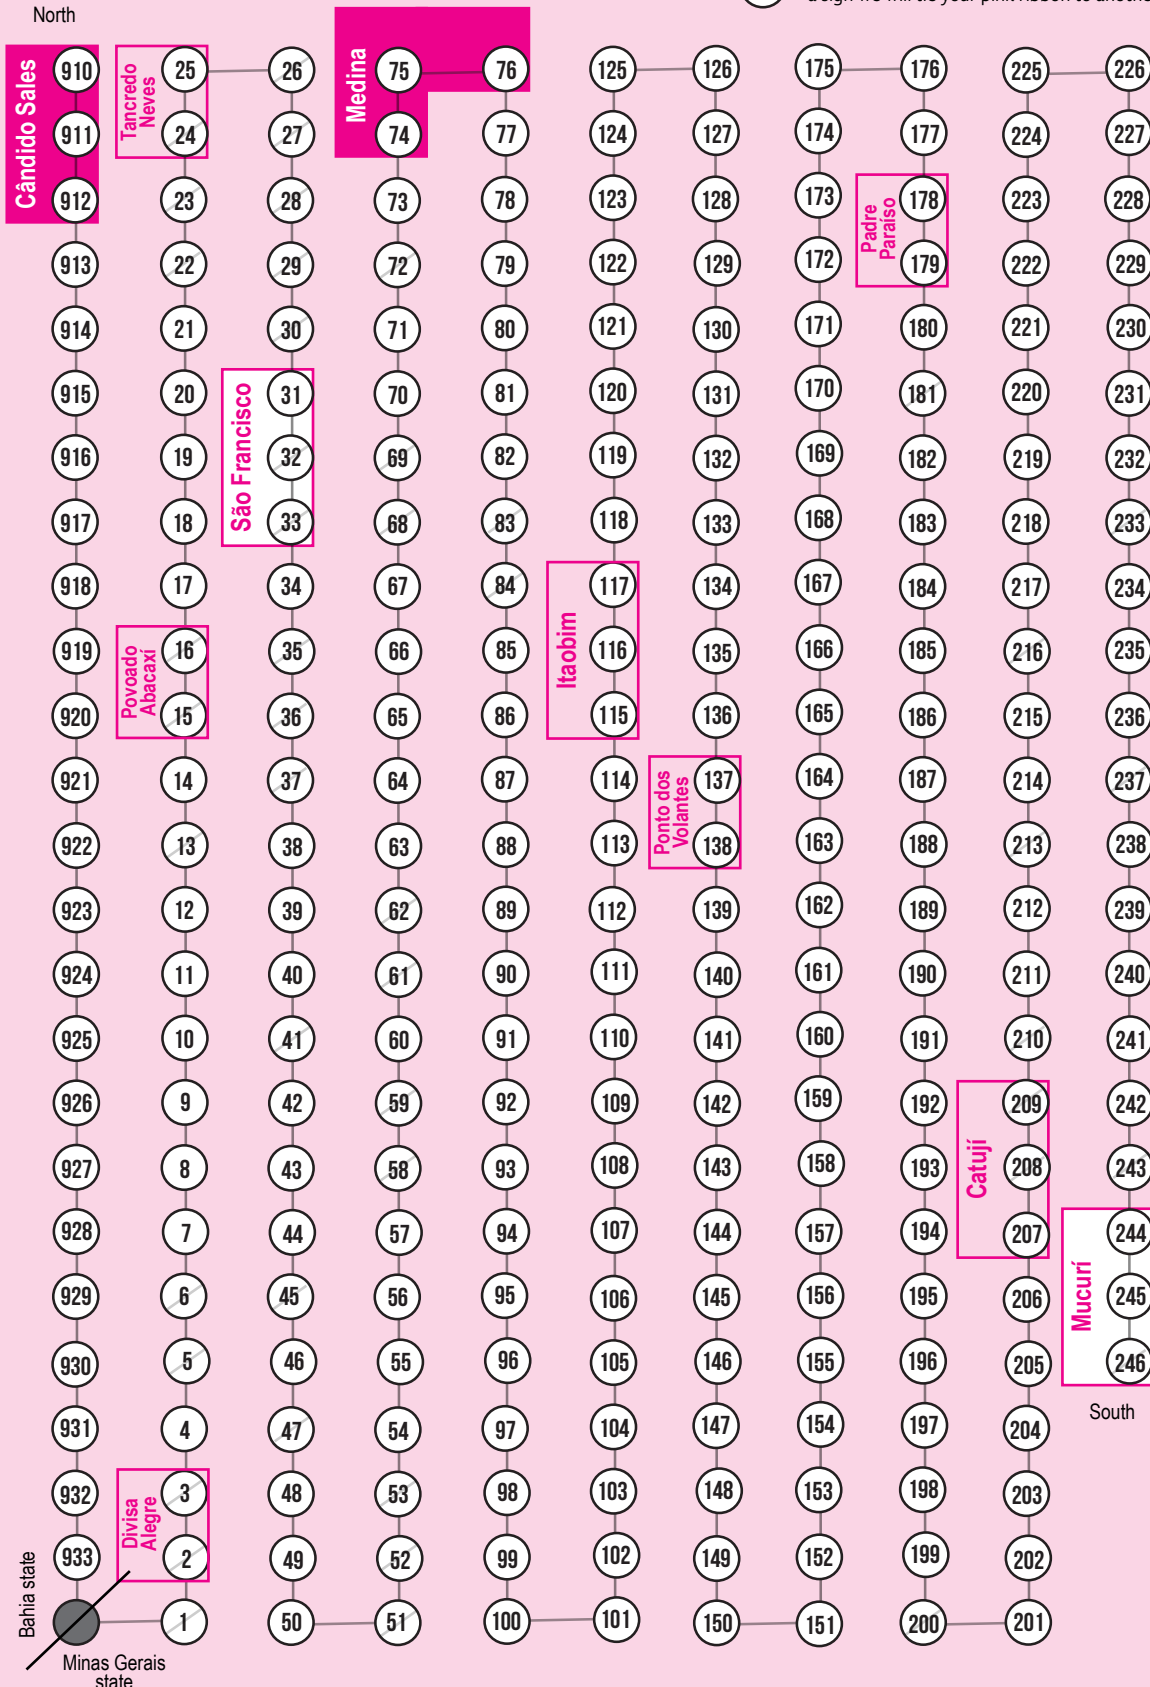

These are communities which Meninadança is reaching through regular outreach work and events.

Not every km has a number sign. If you adopt a km without a sign we will tie your pink ribbon to another sign within the km.

North

Bahia state

Minas Gerais state
